

## SAY!

(By CHARLES J. ARNOLD)

### COUNT FIVE BEFORE YOU TOUCH

When e'er you see an ivy vine  
A'twining 'round a tree  
Or running 'long an old rail fence  
Think of the "Rule of Three"  
And if the ivy has three leaves  
You'd better let it be.

The five-leaf ivy has no sting  
Of poison it is free  
But three-leaf, that's another thing  
Now listen folks to me  
When e'er you see an ivy vine  
Think of the "Rule of Three."

They look alike—these two vines do  
So do your counting well  
The one is just a common vine  
The three-leaf's full of "swell"  
The five-leaf does no harm at all  
The three-leaf sure is (use your own word)

### AND HE WAS JUST ABOUT RIGHT

Meeting one of Greencastle's  
"Young Americans" on the square,  
Wednesday afternoon after he had  
walked in from the barbecue, I asked:  
"What is a Barbecue, anyhow,  
boy, I did not get to go out." "Well  
it's a place where you get plenty to  
eat; plenty to drink and where it is  
hot as hell." And he was just about  
right.

### AND IT IS NOT SO BAD AT THAT

Prohibition News—Many motorists  
are safeguarding their lives by hang-  
ing printed signs on the rear window  
and on the windshield of their cars,  
which signs read:

DON'T SHOOT We are Dry.

### SIMPLY AN ERROR OF THE MAKE-UP MAN I ASSURE YOU

The Society column heading in Fri-  
day's issue of the Herald—did you  
notice it? Well many did and we  
have had many inquiries. Through  
an error of the make-up man, the  
heading "Sporting Events," was placed  
where "Society Notes" should have  
been.

### MIGHTY GLAD TO BE OF SERVICE

The Herald is proud to have received  
the following letter, and wishes to  
assure Mr. Ellidge and The Lone  
Star Cement Co., that we stand will-  
ing to co-operate in all worthy enter-  
prises. The letter:

June 20, 1929

THE HERALD  
Greencastle  
Gentlemen:

The Lone Star Cement Com-  
pany, Indiana, Incorporated, wish  
to express their thanks and  
appreciation for your co-  
operation, the generous and fa-  
vorable publicity accorded them  
to make the LONE STAR DAY a  
success.

Your very truly,  
LONE STAR CEMENT COMPANY  
INDIANA, Incorporated  
R. J. ELLEDGE,  
Superintendent

### STRIKE OUT THE ONE YOU WANT TO

'Tis sweet when evening's shadows  
fall  
How restful—quietude brings joy to  
all  
The Moon—how gloriously it lends  
that candle light enchantment  
The whole world seems at peace and  
ease  
And new life seems to come with  
cooling breezes.

And then we drift to restful sleep  
The twinkling stars above us vigil  
keep  
Sweet sleep—that peaceful rest  
which drives all cares away  
Then nature plays a game that I  
abhor  
My (wife or husband) rolls over and  
begins to snore.

### IT'S THE COOK THAT REALLY COUNTS

We were discussing the qualifica-  
tions as a wife, of a Greencastle girl  
the other day, when one of the group  
remarked: "Well, I know her to be a  
wonderful girl in most every way but  
I would have to try her on a cook  
stove before I could fully recommend  
her.

### WEATHER FORECAST

Mostly cloudy. Probably showers  
and thunderstorms tonight and Sun-  
day morning. Cooler Sunday in  
north and central portions.

# FEAR FOR SAFETY OF THREE AIRMEN

## RUSSELLVILLE MAN HURT WHEN TEAM RUNS AWAY

was riding a cultipacker when the  
team gave way and threw him to the  
ground, frightening the team and  
causing them to run away. Mr.

mediately and is getting along nicely.

## VERNON ELMORE GIVEN DAMAGES OF \$1,356.07

SON OF URBAN ELMORE, CITY  
STREET COMMISSIONER, WAS  
INJURED LAST FEBRUARY  
WHEN TAXICAB HITS AUTOMOBILE—TOTAL DAMAGE OF  
\$1,750

Vernon K. Elmore, small son of  
Urban Elmore, north Jackson street,  
was given damages of \$1,356.07 by  
agreement in the Putnam Circuit  
court today, in his complaint against  
Harry Crawford, taxicab operator,  
for damages resulting from a collision  
between the Elmore and Yellow Cab  
taxi on north Jackson street, Feb-  
ruary 14.

The damage suit of Vernon K. El-  
more, by his next best friend, Urban  
Elmore, against Harry Crawford,  
was filed in the local court today by  
Charles McGaughey, attorney. Craw-  
ford filed his answer by his attorneys  
Corwin & Gillen, and the finding by  
agreement was reached.

In addition Urban Elmore was al-  
lowed \$393.93 for damage to his  
automobile in the collision, making  
a total finding of \$1,750 against the  
taxicab concern. The damage will be  
paid by the Aetna Insurance Com-  
pany, with which Mr. Crawford car-  
ried a protective policy.

Settlement of the claim by the in-  
surance company resulted from a  
new ordinance passed during the ad-  
ministration of Mayor McGaughey  
providing that taxicab concerns carry  
a protective policy before they can  
receive a permit to operate in Green-  
castle.

The Elmore boy suffered serious in-  
juries when his father's car in which  
he was sitting, was struck on north  
Jackson street by a Yellow Cab driven  
by Kenneth Hay. The Elmore car  
was badly damaged and the Elmore  
boy was taken to the county hospital  
for treatment. Hay disappeared  
after the accident.

## MAYOR LAUDS MOVEMENT OF COUNTY NURSE

In a statement issued today  
Mayor Charles McGaughey lauds  
the open air camp to be established  
at the "Towers," on east Seminary  
street, by Mrs. Paul Ream, county

County to lend their support to the  
project. The Mayor's statement fol-  
lows:

"The movement on the part of  
Mrs. Paul F. Ream, sponsored by the  
Tuberculosis Association and the  
local chapter of the American Red  
Cross, to establish an open air camp  
for restoring children to normal  
weight and health, should be sup-  
ported by all individuals and civic  
clubs in this community.

"I feel that this is a very worthy  
project and the success of the move-  
ment is dependable upon the imme-  
diate response of the people in Put-  
nam County."

Charles McGaughey,  
Mayor of Greencastle.

## SCHOENHAIR HOPES TO LOWER FLIGHT RECORD

PILOT HOPS OFF AT LOS ANGELES  
EARLY TODAY ON TRANS-  
CONTINENTAL RACE TO  
NEW YORK

TO MAKE ROUND TRIP

Hopes to be at Roosevelt Field, New  
York at 10 o'clock tonight—  
Record is Now 18  
Hours

METROPOLITAN AIRPORT, Los  
Angeles, June 22.—(INS)—In an ef-  
fort to smash the existing trans-  
continental non-stop flight record Lee  
Schoenhair, veteran army and mail  
pilot, took off in his Lockheed-Vega  
monoplane Goodrich-Silvertown at  
3:41 A. M. here today.

Schoenhair hopes to reach New  
York in fifteen hours, lowering the  
existing record, established by Cap-  
tain Frank Hawks by more than  
three hours.

Weather conditions at the field  
were perfect, while last minute re-  
port from points along Schoenhair's  
scheduled route indicated the absence  
of natural obstacles.

Five hundred gallons of gasoline  
were in the tanks of the plane when  
it left the airport. A slight tail-wind  
lent assistance to the take-off.  
"I'll be at Roosevelt Field, New  
York, by 10 o'clock tonight," were  
the flyer's last confident words just  
before crawling into the cabin of  
his plane.

Besides seeking to lower the pres-  
ent non-stop cross-country flight re-  
cord Schoenhair will attempt to ne-  
gotiate the round trip by air in 48  
hours. If he reaches Roosevelt Field  
he intends to take off as soon as a  
refueling and a general survey of his  
craft will permit.

The route scheduled for the flight  
is known as the great circle and is  
same as that used by Capt. Hawks  
when he flew from Los Angeles to  
New York in the record time of 18  
hours and 22 minutes.

The route, barring the variations  
due to probable changes in weather,  
was to take Schoenhair over the sta-  
tes of Arizona, New Mexico, Texas,  
Oklahoma, Arkansas, Missouri, Ohio,  
Pennsylvania and finally New York.

## SYNOD OPPOSES PRINCIPLES OF VOLSTEAD LAW

MISSOURI SYNOD OF LUTHERAN  
CHURCH GOES ON RECORD AS  
OPPOSING PRINCIPLES  
OF ACT AND DENOUN-  
CES RECENT SHOOT-  
ING

BIBLE DOES NOT FORBID BEER

CHICAGO, June 22.—(INS)—The  
Missouri synod of the Lutheran  
church was on record here today as  
opposing the principles of the Vol-  
stead law and Dr. W. C. Kohn, presi-  
dent of Concordia seminary of St.  
Louis denounced recent killings by  
prohibition agents as "shere mur-  
ders."

"We do not believe in the princi-  
ples underlying the Volstead law,"  
Dr. Kohn said. "But the members of  
the Missouri synod believe that be-  
cause the Volstead laws are part of  
our constitution they should be ob-  
served. But we do not believe in the  
absolute criminal practice of prohi-  
bition officers shooting down inno-  
cent citizens."

"The Bible does not forbid the  
moderate use of beer and wine," he  
added.

The Missouri synod of the Luth-  
eran church is in convention at  
River Forest, suburb.

"There must be laws for the re-  
straint of criminals and there must  
be a means of enforcing the law,"  
he said. "But the enforcement itself  
must be legal and dry shootings are  
sheer murder. It is a criminal act  
to execute a man without a hearing.  
You may shoot a prisoner for trying  
to escape, but dry killings savor too  
much of execution."

The convention appropriated  
money for Concordia colleges at  
River Forest, St. Louis, Milwaukee,  
Fort Wayne, Ind., and Seward, Neb.

## SPANISH FLYERS LONG OVERDUE AT AZORES TODAY

CROWDS AT HORTA ANXIOUSLY  
SCAN SKIES FOR FAMOUS  
SPANISH AVIATOR AND  
COMPANIONS

DUE EARLY THIS MORNING

Will Continue Flight to Halifax  
After Which They Plan To  
Visit Washington and  
Return Home

HORTA, the Azores, June 22.—  
(INS)—Up to noon today, 9 a. m.  
New York time, no word had been  
received here of the arrival of the  
Spanish fliers anywhere in the  
Azores. At that hour, the airmen  
were six hours overdue.

Many rumors concerning the  
Spanish fliers were circulated all  
through the morning, but the naval  
wireless station here, which is in  
constant communication with all  
parts of the islands, was absolutely  
without news.

HORTA, Azores, June 22.—(INS)  
—The arrival of Commander Ramon  
Franco, famous Spanish aviator, and  
his three companions, who are expect-  
ed to end the first leg of their Trans  
Atlantic flight here this morning was  
eagerly awaited today.

Crowds thronged the roofs of build-  
ings about the Fayal Harbor scanning  
the sky for signs of the airmen. The  
huge Amphibian plane "Numancia"  
in which the flight is being made was  
heading here over the open sea from  
the southwestern extremity of the  
European continent, according to last  
reports.

At 7:00 o'clock last night the plane  
was sighted passing over Tarifa,  
Spain, near the Straits of Gibraltar.  
It was making good speed and flying  
in a southwesterly direction. The  
weather was misty.

Later several ships reported hav-  
ing been in radio communication with  
the plane. One of these stated the  
flyers were headed over the open sea  
for the Azores.

The plane left Los Alcazar Azores  
Rome at Cartagena at about five  
o'clock yesterday under perfect weath-  
er conditions. Accompanying Fran-  
co were captains Sallario and Ruiz De  
Alda and a mechanic named Madar-  
laga.

They planned to reach the Azores  
in about eighteen hours. According  
to this schedule they were due here  
at nine o'clock this morning (6 a. m.  
New York Time.)

Their schedule also calls for them  
to leave here for the United States  
by way of Halifax early this evening  
taking about 24 hours to accomplish  
the second leg of their flight.

which he sustained in an automobile  
accident Thursday afternoon.

The crash which resulted in Mr.  
Martin receiving a painfully bruised  
leg occurred near the Mt. Pleas-  
ant cemetery near here.

The car driven by Mr. Martin and  
a sedan driven by Mrs. Ernest Pat-  
ton of New Richmond collided, Mr.  
Martin sustaining painful but not  
serious wounds.

FINDS \$50,000 PEARL IN WABASH

VINCENNES, Ind., June 22.—(INS)—The entire mussel digging industry on the Wabash River here was worked up today over the reported finding of a \$50,000 perfect pink pearl by a young mussel digger who had been in this work only a short time.

The pearl was purchased by James S. Pigg of Hucastina, Iowa, a veteran pearl buyer who was reported to be in Cincinnati, O., today.

Pigg refused to reveal from whom he bought the pearl or how much he gave for it. He said, however that he estimated the jewel to be worth fully \$50,000.

The pearl was found in the Wabash River, below the bridge, southwest of here. It was said to be perfectly round, flawlessly formed, have a pink luster and weigh 120 grains.

Pigg who is motoring through the country is carrying this valuable jewel on his person.

## THREE ANDERSON BOYS DIE IN DITCH CAVEIN

AUTHORITIES START PROBE OF TRAGEDY THAT BURIED CHILDREN ALIVE UNDER TONS OF DIRT—WERE PLAYING IN TEN FOOT DITCH

ANDERSON, Ind. June 22.—(INS)—Local authorities today began an investigation of the deaths of three Anderson boys, who were buried alive under tons of earth in a sewer cave-in.

The dead were: Frederick Walter Henry, 7; Eugene Snyder, 11, and Charles William Jones, 8. The three boys and George Haney 10, a brother of Frederick, were playing about a trench dug by the Sorensen & Zomer Company for a large sewer for the north side of Anderson when the tragedy occurred.

All of the youths but George Haney were in the bottom of the trench which was 10 feet deep, when tons of dirt suddenly fell upon them. George Haney summoned neighbors who dug frantically while others called police, firemen and ambulances. One half hour was required to unearth the three, who were found lifeless. Firemen were unable to restore the breathing with the pulmotor which they used.

Deputy Coroner Harold Roselle said young Haney was crushed to death while the others were smothered.

## ANDREW HANNA PROBABLE NEW FARM TRUSTEE

IF LOCAL ENDORSEMENTS ARE HEEDD GOVERNOR WILL NAME LOCAL MAN AS SUCCESSOR OF C. C. HUESTIS WHOSE TERM WILL SOON EXPIRE

If recommendation of the Greencastle and Putnam County Republican organizations are heeded, Andrew B Hanna, local capitalist, will be named by Governor Leslie to succeed C. C. Huestis of this city, a member of the Board of Trustees of the Indiana State Farm at Putnamville.

After serving two four-year terms on the board, Mr. Huestis, who has proven a most efficient member has refused to allow his name to be used in connection with a reappointment.

Both Mr. Hanna and Roy Abrams are candidates for the appointment, but Mr. Hanna, it is understood, received the endorsement of the Putnam county Republican organization and several influential Republicans which virtually assures him the appointment. Mr. Huestis' term expires July 7.

ROAD BONDS NOT MUCH IN DEMAND

ONLY ONE OF THREE ROAD BONDS ADVERTISED FOR SALE TODAY GET A BUYER—TREASURER BLAMES LOW INTEREST RATE

Township road bonds are not much in demand in Putnam County it appeared today, when only one of three township bond issues found a buyer. The Cloverdale bank purchased the Greencastle and Madison township bond issue of \$8,000 for the improvement of the F. C. Tilden and others road on the township line, at par.

Two other issues, the \$7,120 in road bonds of Washington township, for the improvement of the Andrew Trester and others road and the \$7,940 in road bonds of Cloverdale township, for the improvement of the Virley Greenlee and others road, failed to sell.

The county treasurer still has the road bonds advertised for sale a week ago, for the construction of the Gaies S. Irwin and others asphalt pavement in Roachdale.

A low interest rate is blamed by the county treasurer for lack of bidders for the bonds.

BIG CROWD SEES LEADERS PLAY

NEW YORK, June 22.—With "fair and warmer" predicted by the weather man, baseball's all time attendance record of 85,263 cash customers for a single day may go by the board this afternoon when the Athletics and Yankees square off at Yankee stadium for the second double-header of their all-important series.

A record week day crowd of 75,000 persons including 66,145 paid admissions, saw the rival for the American league pennant battle to an even break yesterday. The Mexican stand-off was a moral victory for the Macklin Maulers, who put forth the burden of proof even more heavily upon the champions, and a personal triumph for Babe Ruth. The feat of that interesting invalid in twice pulling the hit-and-walk play saved his mates utter rout and thrilled thousands of fans who are expected to make the turnstiles click at a record speed today.

The rival mound aces won yesterday, left grove breezing to an 11 to 1 landslide in the opener and wait

## THE GRANADA "It Can Be Done" Features Glen Tryon in Great Picture

Local motion picture fans have a treat in store Sunday at the Granada Theatre, when "It Can Be Done" a new Universal picture, starring Glen Tryon, will be presented. Pretty Sue Carol is the heroine.

The picture is a revelation of Tryon's ability at characterization. He starts in as a shy, diffident clerk and ends up as a self-confident go-getter of hearts and contracts.

The story, written especially for Tryon by Mann Page and Edward J. Montague, veteran screen writers, tells how a backward young man is inspired by a girl and a book on "Success" to snap out of it and become a live-wire. The book is from the pen of the girl's father. The boy, newly fired from a publishing concern, meets the girl and reads the book. He forthwith undertakes to sell the manuscript of the book to the publisher who has just fired him. The complication of events that transpire during the working out of this project are highly amusing and will keep the Granada audiences in a roar of laughter.

## WHIPPET CITED AS IDEAL CAR FOR WOMEN DRIVERS

With the number of women drivers increasing by thousands and thousands each year, automobile manufacturers more than ever before consider this factor in the design and construction of their products. This is aimed at by providing as many conveniences and safety features as possible, that will appeal not only to women, but to all drivers.

A clear example of this is seen in the Willys-Overland Company's new line of Whippet fours and sixes. Notable among the outstanding conveniences on these cars is the "Finger-Tip Control." This consists of a button conveniently placed in the center of the steering wheel to con-

## THE VONCASTLE Powerful Drama Stars Bancroft in New Setting

Tense, suspenseful drama, in a setting as intriguing as any ever brought to the screen, comes to the Voncastle Theatre, starting Sunday, for two days, when "Thunderbolt," George Bancroft's new picture shows here.

Harlem, New York's Negro district, with all its sinister, hidden underworld, is revealed on the screen as it actually is. Bancroft portrays the part of a hard-fighting gang boss in love with Fay Wray, Eric von Stroheim's beautiful heroine of "The Wedding March." The girl repulses Bancroft and, in an effort to go straight, turns to Richard Arlen. They fall in love but Arlen incurs the enmity of Bancroft.

That is the big climatic situation. Bancroft, the virile he-man of the screen, has sworn to kill young Arlen, the likeable hero-aviator of the famous "Wings." They are together in Sing Sing's death house. Will Bancroft kill the youth? Will he let Arlen be sent to the chair? Will Bancroft go to the chair? Suspense! Tense, hard, cold, breathless drama and a love theme that keeps the heart beating fast.

trol all the functions of starting the motor, manipulations of the lights and sounding the horn.

In addition to this being a decided safety factor it also materially increases the driving comfort of the driver. With this new improvement the driver no longer searches with his or her foot for the starter button usually found in the toe board. Instead, a slight pull up of the button starts the engine, a turn of the button the right controls the lights of the new type headlights, and the horn is sounded by pressing the button downward with the finger.

## MARQUETTE CAR OF MUCH INTEREST TO PUBLIC

The new Marquette has met with the enthusiastic approval of the motoring public from the Atlantic seaboard to the Pacific coast. This is indicated by the telegraphed reports of Buick dealers throughout the country to the factory at Flint, Michigan, which give evidence that more than a million persons visited the Buick show rooms throughout the country June 1st, to see the companion car for the first time. Buick officials say the presentation of this new medium priced car has been the most successful in automotive history.

That the Marquette holds more than the usual measure of public interest displayed in a new car is indicated, not only by the size of the throngs who have witnessed its presentation, but by the surprisingly large number of motorists who were willing to accept its merits on the basis of its being a car built by Buick.

From Maine to California, from the Gulf to the northern reaches of Canada, the Marquette has won almost instantaneous popularity. Marquette's unusual acceleration and get-away, its ability to dart swiftly in and around heavily congested traffic, have already made thousands of friends for it in the large cities of the country. And its rugged power, tremendous hill climbing ability and flashing speed have been recognized in equal measure.

The building of a fast, powerful six cylinder automobile with a 114 inch wheel base and a Fisher-built body that incorporates new themes of luxury and beauty at a price ranging from \$965 to \$1,035, is an epoch in the annals of the automotive industry. No other car in its class has the finely tailored exterior appearance that is found in the Marquette.

Interest in the Marquette is intensified by the fact that it is a product of the Buick Motor Company—a company which for more than a quarter of a century has been a recognized leader in the production of fine automobiles. The Buick will continue to hold its identity as the leader in its price field and the Marquette will be produced in a separate unit of the mile-and-a-half long Buick plant at Flint.

As a result of the popular acclaim accorded the Marquette and the large number of sales orders produced from its presentation the success of the new product is assured.

## Manages Air Races and Big Air Show

Clifford Henderson

Clifford Henderson is getting together for Cleveland, O., the greatest air event in the history of aviation. He is the managing director of the 1929 National Air Races and Aeronautical Exposition to be held in Cleveland, August 24 to September 2.

Henderson, himself a pilot, was in charge of the national air races at Los Angeles last year. He says his program for 1929 already assures the Ohio metropolis of a record breaking set of events.

He has booked seven air derbies from various parts of the country to terminate at Cleveland race week. The most novel of these is an air derby for women from Santa Monica, Cal. Scores of races for aircraft will be on the program at the Cleveland airport.

The aeronautical exposition will occupy 200,000 square feet of space in Cleveland's Public Auditorium, with displays of the newest types of airships, their equipment and accessories. It will reflect the greatest progress made in aviation.

The races and exposition will make Cleveland the capital of the aviation world, for it will attract the world's leading pilots as well as the leaders in the industry which annually is expending millions and millions of dollars.

It is estimated that 300,000 or more people, probably largely from the middle west, will be in Cleveland for the big aviation events.

Thousands of dollars will be awarded in prizes to derby and race winners.

## LONDON DOCTOR USING ALCOHOL AS ANAESTHETIC

By HOWARD BERRY  
International News Service Staff  
Correspondent

LONDON, June 22.—Alcohol as an anaesthetic was used by a leading London Hospital recently for the first time.

Two operations were successfully performed at the French Hospital and Dispensary, and the surgeons and anaesthetists expressed themselves satisfied with the tests.

The new anaesthetic is ethyl alcohol—ordinary alcohol, is injected into the blood stream and produces what is termed intravenous anaesthesia.

The discoverer of the anaesthetic, Dr. Miguel Marcia Marin, a famous doctor, claims the principal advantages for intravenous injection of alcohol are:

No danger to the patient,  
No unpleasant after effects,  
Greater freedom for the operator.

One of the operations was performed on a man with cancer, who was stated to be an alcoholic subject. He woke up ten minutes after the operation fresh and quite happy.

The operation was performed with the diathermy knife, which cannot be used in the case of ether, because of the sparks. The non-inflammable nature of alcohol is regarded as one of the greatest advantages of the new anaesthetic.

Dr. Charles Desseau, house surgeon of the French hospital, said they were contemplating using the new anaesthetic at the hospital to test it more fully.

"With the new anaesthetic," he said, "a definite analgesia is prolonged after the operation, which means that the part where the operation has taken place is numbed and the patient has no pain, nor is there any danger of life from the use of the anaesthetic."

No mask need be worn by the surgeon, thus giving greater freedom for the use of instruments.

## CHRISTIAN SCIENCE SERVICES

"Is the Universe, including Man, Evolved by Atomic Force?" is the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, June 23.

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Thine, O Lord, is the greatness, and the power, and the glory, and the victory, and the majesty: for all that is in the heaven and in the earth is thine; thine is the kingdom, O Lord, and thou art exalted as head above all. Both riches and honour come of thee, and thou reignest over all; and in thine hand is power and might; and in thine hand it is to make great, and to give strength unto all. Now therefore, our God, we thank thee, and praise thy glorious name" (I Chron. 29:11-13).

The Lesson-Sermon also includes the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The scientific fact that man and the universe are evolved from Spirit, and so are spiritual, is as fixed in divine Science as is the proof that mortals gain the sense of health only as they lose the sense of sin and disease" (p. 69).

MRS. CASSLER AND SON  
ARE INDICTED FOR MURDER

VALPARAISO, Ind., June 21.—Mrs. Catherine Cassler of Chicago and her adopted son, Edward G. Cassler, were indicted for the murder of Miss Camela Soutar, also of Chicago, in true bills returned today by the Porter Circuit court grand jury which was sworn in yesterday.

The grand jury recommended to Prosecutor W. W. Bozarth that Chester Johnson, sweetheart of the slain girl, who was held as a material witness, be released on his own recognizance.

Judge Grant Crumpacker discharged the grand jury after it voted the indictments.

WILL H. HAYS IS GRANTED  
DIVORCE, GIVEN CUSTODY  
OF SON IN SULLIVAN COURT

SULLIVAN, Ind., June 21.—Will H. Hays, known as the "czar" of the motion picture industry, and former postmaster general, has been granted a divorce from Helen Thomas Hays and given custody of their 14-year-old son, William Harrison Hays Jr. The divorce was granted yesterday by Judge Arthur DeBaun in the Sullivan Circuit court, but it did not become known until today.

The petition, filed last April, said Mr. and Mrs. Hays were married in 1902, but separated because of the incompatibility of their temperaments and had not lived together for several years.

The action was not contested by Mrs. Hays. She did not appear in court, but was represented by Michael Foley, an Indianapolis attorney and an old friend of the family. Mr. Hays was represented by local counsel.

Sullivan is the home town of Mr. Hays. It is understood Mrs. Hays intends to live in Crawfordsville, her former home.

## BAD LIQUOR FATAL

MARION, Ind., June 22.—(INS)—Bootleg liquor claimed another victim here today with the death of Luther McCord, 43, in the Grant County jail. Physicians said the cause of death probably was acute alcoholism. McCord had been in jail since Thursday.

## Dry Wouldn't Stand for Shooting

Louis H. Jacques, right, former patrol leader in the customs service at Detroit, Mich., is again a private citizen since he resigned his dry snooping job because he "couldn't stand for the promiscuous shooting which already has cost the lives of too many innocent people." Representative R. H. Clancy of Michigan is congratulating him on his spirit and courage he showed in his resignation.

## Seek Justice in Border Dry Killing

Two versions of the slaying of Arthur Gordon near Plattsburg, N. Y., as he attempted to escape arrest by custom patrols are shown above. Lucien Bosworth, left, says he saw the shooting as pictured at the left when the customs guard fired on orders at Gordon, who was running through a field adjacent to the road. Collector Tulloch insists that the men reported that as they pursued Gordon one fell

and his rifle accidentally discharged as shown right. Whichever statement is right, District Attorney O'Connell and Judge R. C. Booth, right, swore out "John Doe" warrants for the agent's arrest. The townspeople have assured Mr. Hoover that they will co-operate with him in every way to stop smuggling, but that innocent persons must have some assurance of safety from shooting agents.

FARM BUREAU HAS NEW  
CHEMICAL TO KILL WEEDS

Losses caused by weeds in Indiana reach figures amazingly high, according to the Indiana Academy of Science. These losses are conservatively placed at \$44,000,000 annually. This loss is due to the most part to the fact that there has been no practical and effective means of controlling noxious weeds until recently. The Indiana Farm bureau purchasing department now introduces atlatide, a calcium chloride, as a chemical killer effective against Canada thistle, quack grass, etc. It is claimed that it is not a fire hazard such as exists in other chemicals that have been used for this purpose. Various state agricultural experiment stations report favorable results from the use of calcium chloride.

STATE TAKES ANOTHER  
STEP IN PARK INN FIGHT

SPENCER, Ind., June 21.—The Indiana department of conservation took another step in its attempt to eject Mrs. Walter Richards, 54-year-old manager of Canyon inn at McCormick's Creek Canyon state park near Spencer, this afternoon by filing an affidavit in Owen Circuit court which supplements the department's suit for possession of the inn. Five days from the time the notice is served, Mrs. Richards must give bond that she will safely keep and preserve the property. If she complies with this demand, the affidavit says, she may retain possession of the inn until the court rules in the case. Should she not provide bond the sheriff of Owen county is instructed to turn the property over to the state.

## TOO MANY SIGNALS

EVANSVILLE, June 22.—(INS)—Too many traffic signals and too much honking of horns were reasons advanced by Maj. Byron Parsons, 93, for deciding to sell his car and to quit driving after having piloted cars for 20 years. The aged man, who was one of the founders of a wholesale grocery company here, still works there every day.

CANFIELD'S PAL IS GIVEN  
COMPROMISE FARM TERM

LOGANSPOUT, Ind., June 21.—Paul Agnew, 28 year old, alleged pal of Sanley Canfield, notorious bank bandit, was sentenced to 120 days at the Indiana state farm here today when he pleaded guilty to a charge of petit larceny, accepting the sentence as a compromise between staying in the Cass county jail all summer awaiting trial for stealing an automobile, and running a chance of acquittal on faulty identification. He and Canfield stole a car belonging to Clarence James here on May 29, officers charged. Agnew will be held for Wabash authorities when his term at the farm expires. He is wanted here for helping burn an automobile.

## UNION SERVICE

"Burden Bearing and the Law of Christ" will be the subject of the message by Dr. C. H. Taylor at the second Union worship service in the Presbyterian church, Sunday evening at 7:30. These gatherings during the summer months afford fine opportunities for fellowship on the part of the congregations of all the churches.

The Young People's societies will have a joint meeting in the chapel of the educational building at 6:30.

BUICK CARS PROVE WORTH  
TO A FAMOUS TRAVELER

After traversing 15,000 miles, from Peking, China, to London, England, in two Buick cars and experiencing every conceivable driving condition, Major D. McCallum, famous British traveler and noted authority on Central Europe, says his sturdy cars made light of the huge task given them and are fit to do the whole journey over again.

During the trip Major McCallum's party at times drove over roads which he describes as worse than terrible. Some of them were little more than trails hewn out of solid rock. Through hundreds of miles of tropical jungle land the two Buicks literally had to force their own way. The party encountered extreme altitudes and temperatures along the route, worst of which was the sweltering heat of the low, tropical areas. The motors functioned perfectly, even under these extreme conditions.

RELIGIOUS WAR  
IN MEXICO IS  
AT END TODAY

CATHOLICS REJOICE THROUGHOUT COUNTRY AT AGREEMENT REACHED BETWEEN GOVERNMENT AND VATICAN

MEXICO CITY, June 22.—(INS)—All Mexico rejoiced today at the agreement reached between President Portes Gil and the two Catholic prelates, Archbishop Leopold Ruiz Y Flores and Bishop Diaz, which ended a three-year breach between the Mexican government and the Vatican.

As a result of the agreement, Catholic services in the churches of Mexico will be resumed as soon as possible. Church bells calling the natives to mass will be heard in many a Mexican town tomorrow for the first time in three years. A large number of the churches which have been shut down during the last three years may not reopen until a later date, however, when the various priests officiating in them, return.

Monster manifestations of rejoicing were inaugurated today by Catholics in every community of the country. Observance was also begun today of the nine-day pilgrimages to the Basilica of Guadalupe, the national shrine, situated in a suburb of this city.

All women held in the prison colony on the islands of Las Tres Marias, on the western coast of Mexico, for violations of laws regulating religion have been ordered released by the department of the interior. An abbeys who was sentenced to twenty years imprisonment as the "intellectual author" of the assassination of the late General Alvaro Obregon, was not among those released.

## "PINCH" 558 MEN

CHICAGO, June 22.—(INS)—Five hundred and fifty-eight men, the largest number ever seized here in one place, were in cells and were to be examined at the bureau of identification today after they were seized in a raid conducted upon an alleged gambling house early today in Cicero.

So great was the number that they were distributed over outlying police stations until wagons can be summoned today to convey them to central police headquarters.

Two men, George Kelly and Alfred Orlando, were booked by police as keepers.

## MUST REFUND \$8,000,000

INDIANAPOLIS, June 22.—(INS)—Marion County commissioners today faced the prospect of refunding \$8,000,000 in taxes to Indianapolis citizens by terms of a decision of Judge James M. Leathers of Superior Court 1.

The money had been collected from 1919 to 1921 as the result of a horizontal tax increase.

County Auditor Harry Dunn predicted a sharp tax rate boost to provide money for the refund.

Helen Wills' Art Works  
Shown in London Gallery

## Tennis Star Grins Happily in Secluded Corner of Salon

HELEN WILLS the artist, eclipsed Helen Wills the tennis champion, when a recent exhibition of her tennis sketches was opened to public view in a Bond Street gallery at London.

Among the spectators were portly matrons, straining their eyes through diamond-studded lorgnettes, along with a number of earnest young artists, who came to criticize the work of a fellow craftsman.

The tennis champion gave up her beloved practice on the courts at Wimbledon to watch spectators and art critics file past her thirty-four water colors. All of the sketches are of tennis stars in action.

Miss Wills is a most talented girl. Her works are said to be exceptionally fine, which is really unusual, as it is quite difficult for a person who excels in any art, to get a real perspective of another person occupied at the same work.

An admirable characteristic of this girl of dual talent, is that she seems to be deriving as much pleasure from the sale of her sketches (the highest price of which is about 12 guineas each, or about \$60) when tickets for tournaments at which she appears bring about \$100 each.

As she hid shyly in a corner of the salon where her works were exhibited, she was unnoticed until a tennis fan, recognizing both the girl and the costume she was wearing, in which she was pictured on

MISS HELEN WILLS

the wall, said, "Hello, Miss Wills." Modesty was ever one of Helen Wills' virtues and always will be, we hope.
